STEPPING FROM THE SHADOWS

Stepping From the Shadows is a group show at The Independent Media Center that features work by nationally renowned urban artists and graffiti writers. These modern day street works are not on sprayed on a wall or displayed in an urban setting, but instead are nicely contained on canvas in the gallery. Maria Medina, the curator of the show, wanted to give these various artists an opportunity to show how graffiti art and their urban environment have influenced and molded their artistic styles.

The show features work by PARS, J.D Davis, Joker, Nak, Cause-B, M. Kelly, Siloette, Amir Fallah, Katus and Mune. The exhibit also features photographs by Anna Antic and experimental sound design by San Francisco's Spaze Craffe One. The opening reception is from 7-10pm on Friday, December 7 and runs through January 31. The Independent Media Center is located downtown at 1415 3rd Ave. Call 206.262.0721.
